New languages, demo and more : Hello everyone , The second patch for Inked is live now and here are some of the biggest changes / additions. But before we get into details, we would like to thank all of you who played Inked. We got some really heartwarming feedback which keeps us going. We also recieved constructive feedback that we are actively working on. Thank you all! Based on your requests we have added Russian and Polish subtitles. We have also added some essential hints during loading time, which should refer you to the alternative control layouts and more.. Inked - patch #3 is live! Level design changes and new achievements : Hey everyone , For this update, we concentrated on balancing certain aspects of the game based on the feedback we got from you. We have changed the level architecture in several places in the game to balance out new puzzles of those areas with the repetitive ones (e.g. using ramps for traversing). Coupled with improved controls from the older patch this should lead to a less frustrating experience when playing the game, as there will be a bit less tricky platforming and less repeated actions. An example of the architecture changes in the desert. We are also adding three new achievements called Inking Veteran, Astronaut and Samurai tactics. We will let you guys figure out how to get them For the next update, we have plans for an improved saving system and other balancing changes, but we would like to hear you.. Inked - Autumn sale, 35% off! : Hey everyone , Leaves are not the only thing that is falling this season! You can now get Inked at 35% off , starting from Nov 21, 2018, to Nov 27, 2018! Inked - first patch is out now! : Hello everyone , The first patch for Inked is live now! As previously announced, this patch will primarily address some difficulties with controls, but will also offer better usability options. There are also a number of smaller tweaks to the game that we have done which should make certain levels more polished.. Inked - first patch news : Hello everyone, We are working on the first patch for Inked! Since the release we have received feedback regarding the difficulty of the controls and object placement in the game. We are working on several tweaks and additions which should give you better control and more freedom to choose the way you want to play. This is our first effort to make the experience of controlling the character and positioning the objects better. We have also made a number of smaller changes and improvements to the game which should make the experience more streamlined in certain areas of the game. The changes are coming soon, but stay tuned for an official announcement..
